REFLECTIVE LIGHTING

10

1. Slide the doors into place by pinching the end of the hinges.
2. Plug the door into the cabinet.

11

Insert the provided shelf clips (C1/C2/D) into the round holes on both sides of the cabinet.

12

After installing the shelf clips, insert the glass shelf(s).

13

Finish.

OPTIONAL DOOR ADJUSTMENT

Doors may need to be adjusted after the initial shipping of the cabinet. The cabinet doors have a three-way adjustment feature. Height, side-to side, level and depth can be adjusted. With the hinge slightly closed you can access the middle screw for up/down adjustment.

With the hinge fully extended you can access the front and back screws. These screws will move the door side to side and in and out.

Surface Mount Installation
