

Wall Glow Series

INDIRECT BACKLIT EDGE TO EDGE LED Illuminated Mirror

REFLECTIVE LIGHTING

DESCRIPTION

The Wall Glow Series offers you a full backlit illumination around the entire border of the mirror as well as the option of a sleek square edge or rounded corners. Available in a fully customizable rectangular or square silhouette. The optional one-touch dimming system allows you to choose the perfect light intensity and color temperature—from a cool 5,000K task lighting to a warm, sunlit 2,700K glow. Elevate your experience even further with upgrades like an integrated night light, a built-in Bluetooth speaker, and other user-friendly features that transform your mirror into a personalized statement of style and function.

APPLICATION

Our commercial grade mirrors are perfect for hotels, spas, salons, and make-up studios as well as make a beautiful upgrade for any bathroom remodel.
